

CUM SCIENTIA PRO AQUIS HUNGARIAE!

CALL FOR PROPOSALS

On the basis of Rector's Instruction No 34/2012, § 3

(1) on demonstrator activities I hereby announce a call for applications for the position of demonstrator at the Faculty of Water Sciences of the Ludovika University of Public Service 2 persons to the Department of Regional Water Management, 4 persons to the Department of Water Supply and Sewerage, 1 person to the Department of Water Engineering, 2 persons to the Department of Water and Environmental Policy for the first semester of the academic year 2023/2024.

Full-time students of the Faculty of Water Sciences - on the basis of a demonstrator assignment -can be involved in teaching and scientific research, thus helping to prepare them for the high quality of their future professions and to develop their research and teaching skills and research careers.

Students are remunerated by the University Students' Union for their work as demonstrators. Remuneration is paid on a performance-related basis.

Demonstrator scholarship will be paid in the fall semester of the academic year 2023/2024 from September 2023 to January 2024.

The demonstrator's mandate is for the academic year in question and cannot be extended, but may be renewed if a new successful application is received.

Tasks to be carried out by the demonstrator

The demonstrator

- is entitled to use the equipment, teaching and research tools of the department;
- can be involved in leading exercises, seminars and demonstrations, and other sub-tasks;
- supports the teaching, training and scientific work of the department, and teaching and scientific organisation activities;
- may participate in departmental meetings, methodological and other events

The demonstrator may, at the discretion of the head of department, carry out teaching activities which may not exceed an average of two hours per week, or four hours per week with the permission of the Dean. The total monthly activity (teaching and other) of the demonstrator must not exceed 20 hours per month.

The demonstrator's specific tasks, individual work plan, training and employment arrangements, and work schedule shall be determined by the relevant Head of Department.

Conditions for submitting the application

Applications may be submitted by students,

- who is a full-time sponsored student in year II or III in the 2022/2023 academic year enrolled in a full-time course, and
- whose average scholarship grade for each semester of study is at least 3.50, and
- who has achieved good (4) or excellent (5) results in the chosen subject, and
- whose behaviour and community work is exemplary.

How and when to apply

The application for the demonstrator assignment must be submitted to the relevant department on the application form attached to the call for applications by 8.00 AM Friday 22 September 2023.

Evaluation of applications

The applications received by the departments are ranked and recommended by the departments will be sent to the Dean's Office of the Faculty of Water Sciences by 12:00 Tuesday 26 September 2023 to the Office of the Dean of the Faculty of Sciences.

The Dean, taking into account the recommendations of the department, decides by decision on the appointment by the end of working hours on Friday 29 September 2023.

Baja, 15. September 2023.

Dr. Tibor Bíró

Dean
